Airport Drive and Falcon Road Roadway Reconstruction Project

As of Friday, July 8, 2016 Airport Drive is officially open to all traffic. Please be advised that crews may be working in isolated areas performing routine maintenance items until the landscaping is fully established. The City of Rockford would like to thank everyone for their patience during this massive reconstruction project. A recap of what was included for this project is below:

The Airport Drive and Falcon Road Reconstruction Project will include all roadway on Airport Drive from Kishwaukee Street to Illinois 251 (11th Street) and all roadway on Falcon Road from Airport Drive to New Milford School Road. This reconstruction project will consist of pavement removal, excavation, concrete pavement, curb and gutter, median, landscaping, storm sewer installation, street lighting, traffic signal modernization, erosion control and new concrete pavement. Some notable improvements to the project will be constructing a roundabout at the intersection of Kishwaukee Street and Airport Drive, rail road crossing reconstruction and straightening out the road way east of the rail road crossing.

Questions regarding this project should be directed to Austin Crull in the Public Works Department at (779)-348-7610. Thank you for your consideration.
